

## **Qualisys 2-days User Group Meeting 2013 at University Erlangen**

Qualisys with partner Velamed have a great pleasure in inviting you to attend the European Qualisys User Meeting hosted by Prof. Lochmann at the Friedrich Alexander University Erlangen / Nürnberg, Institute for Sportscience and Sport, **March 6.-7., 2013.**

We are proud to welcome you to the first biomechanical Research Lab in Europe running with Qualisys Oqus3+, Bertec instrumented Treadmill and Noraxon DTS EMG system.

### The first day programme ( 6 th of March 10.00-17.00)

- Presentations from the key note speakers Prof. Scott Selbie and Prof. Matthias Lochmann in the areas of: Clinical Movement Analysis, Sports Performance Analysis, and Biomechanics in Research.
- User presentations about their applications and experience of using the Qualisys system.
- Dr Nils Betzler / Mats Kanarbik present and demonstrate latest and upcoming features in Qualisys Motion Capture system.
- Oqus camera models 5+ and 2c. QTM version 2.8 and the Project Automated Framework, PAF release 1.0
- Biomechanical Analysis with Visual3D ver 5.

The second day programme (7 th of March 08.30-15.00) will centre on three applied workshops giving you valuable hands-on tips:

- \* Qualisys system with QTM,
- \* Project Automation Framework and Visual3D and
- \* Integration of external systems such as the Noraxon DTS EMG and the Bertec Force instrumented treadmill.

If you have a particular topic that you would like us to cover, please feel free to contact us.
